Dear Parents,

With the school year under way, we're excited to launch our first athletics seasons of 2017-2018. Please note that all secondary students will attend an Activities and Athletics assembly and sign-up fair on Wednesday, August 30. Students will learn more about the athletics programming at CIS, have the opportunity to communicate with our coaches, and sign-up for email communication lists. The following teams will hold training sessions and tryouts next week. If your child is interested in participating in those sports, please ensure that they attend the training sessions and sign up at the Activities and Athletics fair.

- **Boys and Girls Volleyball**
 - There will be separate teams for boys and girls this year though there is the possibility that these teams will compete coed in the PSA League. These teams will train on the same days on separate courts. Boys and girls volleyball will participate in CAISSA Season 1 in the Dominican Republic, Nov. 1-5.
