From the CAISSA School Directors

Cayman Islands, Dominican Republic, Ecuador, Trinidad and Tobago, and Venezuela

Re: CAISSA Volleyball Tournament November 8-11 2018 - Follow Up Information

Dear CAISSA Parents,

As many of our parents are aware, we are all honored to participate in the CAISSA Season Tournaments that support student athletes in Volleyball, Soccer, and Basketball. In August 2018 we sent you information explaining that we were going to trial and hold tournaments in Port St. Lucie, 2 hours north of Miami, Florida.

We have just completed, and students have returned from, the volleyball tournament. We very much appreciate the support given from the families of our athletes and from our school communities which enable this event to occur. We learnt many things from this initial venture.

Our plan was for all Directors to attend this tournament to personally observe the activities, logistics and events, and then to meet immediately following the tournament in order to evaluate and discuss next steps.

The five CAISSA Directors and Athletic Directors attended the volleyball tournament and met with the tournament organiser Mr. Bert Richardson to evaluate overall how the tournament and the practical arrangements functioned. In addition to this evaluation and observations, we are asking students and coaches to complete a short feedback survey by **4 pm Friday, November 16.**

Once we have evaluated all of the feedback, **by Friday, November 23**, we will be sending you a summary of our findings which will inform planning for future tournaments.

As always thank you for your continued support and understanding.

Respectfully,

Jeremy Moore

Director, Cayman International School, Cayman Islands

Nicolaas Mostert

Head of School, Carol Morgan School, Dominican Republic

Madeleine Maceda Heide
Director, Academia Cotopaxi, Ecuador

J. Barney Latham
Director, The International School Port of Spain, Trinidad and Tobago

Terry Christian - Superintendent, Escuela Campo Alegre, Venezuela
