

2018-2019 Parking & Drop Off

- **Parking:** In order to maximize the spaces for parents to park and make parking as convenient as possible, CIS is shifting all staff parking to the north side of the campus. Parents will have access to all of the spaces in front of the school, as well as the spaces at the pitch and the pool. All CIS staff will park in the gravel lot facing Camana Bay and the parallel spaces on the North side.
- **Drop-off:** The drop-off location for Early Childhood and Elementary School will continue to be located in the front of the school and we encourage Secondary students to be dropped off at the loop near the pitch.
- **Traffic flow:** Traffic flow remains the same with one-way traffic all the way around campus.
- **Entrances:** The two main entrances into the campus have not changed. The south entrance is located at the new roundabout off of Esterley Tibbetts Highway. The north entrance from Camana Bay is slightly altered due to new roadworks, but it remains in the same location.
- **Safety:** The safety of the CIS community is paramount. Our security guards will be placed in the drop-off areas to assist with traffic and safety and we appreciate your cooperation. Please help us keep CIS a safe campus and observe all speed limits and traffic rules.
- **Patience:** Parking and traffic will be more congested this school year. Please plan accordingly and ensure that you have enough time to manage the changes. Thank you for your patience.
- **Carpooling:** We highly encourage you to engage in car pooling with other families. In line with the CIS Sustainability Principle, we are mindful of our environment and we can reduce traffic by sharing.
