The CIS student photos are ready for ordering! To view the gallery, simply visit www.cis.bds.ky and enter the student's last name. The password is their student ID number.

Blue Dot Studios is happy to offer for sale premium quality prints and digital images. Ordering and payment is made through the online gallery and prints will be delivered to the school for pick-up. You will receive an email when your order is ready.

Please note that these image were shot against a green screen and batch processed so that you could choose from a variety of backgrounds. It is difficult to batch process all images perfectly, and therefore you may see some imperfections such as a green tinting in the hair, and slightly imperfect cropping and exposure (lightness of the photo). However when you place your order, each image will be processed individually and we'll make sure there is no issues involving the green screen, color, exposure or cropping. For retouching such as teeth whitening, shiny skin, blemishes, stray hairs, and spills & stains on clothing, you'll need to order the retouching option.
