

## Charter Flight to Costa Rica – May 22 to May 29

On May 22 to May 29 a group of high school students and teacher chaperones are participating in a service trip to Costa Rica. We have reserved a charter flight through Cayman Airways for the trip. The charter holds 120 passengers and the service group will occupy 75 seats. We have communicated with Cayman Airways, and we are able to sell the remaining seats on the flight.

The roundtrip cost per ticket is \$565.00CI (\$690.00US). If you are interested in purchasing tickets, please contact Dawn Eaton, the Finance Manager at CIS. Dawn will collect all travel information and bill parents or others who want to purchase tickets on the flight. We are asking that all payments be made by Friday, March 16.

We know this is a unique and great opportunity, but we ask that parents do not take students out of school to vacation in Costa Rica. This is part of the secondary educational program, and the high school students and teachers on the trip are providing service to communities in Costa Rica.

Below is a copy of the flight itinerary from Cayman to Costa Rica and the return date and time. The dates and times cannot change.

<b>Date</b>	<b>Day</b>	<b>Flt No</b>	<b>Depart</b>	<b>Arrive</b>
