

# Grade 3 Partners with Feed Our Future

How would you feel if you only had one meal a day? Imagine if you had trouble concentrating and had no energy...it would be hard to learn while you're at school. We wouldn't like that.

In grade 3, we have been learning about how we can help and encourage our community to make healthy, local food choices. One way we discovered we can help is by raising money for Feed Our Future.

Feed Our Future is an organization that gives healthy, local food to children who do not have access to these kinds of foods. Did you know that kids our age in Cayman don't have enough food to eat? Feed our Future provides healthy school lunches for children and makes food baskets for families during winter and summer holidays.

Third graders would like to help. We are trying to raise money to buy food to donate to Feed Our Future and help end childhood hunger. Can you help us accomplish our goal? We are planning the following events.

## Holiday Food Drive

From Monday, December 4th to Friday, December 8th we will be collecting healthy canned and boxed food to send home with kids for the holiday break.

### We are collecting:

- CANNED VEGETABLES
  - CANNED FRUITS
