

Senior Spotlight: Katherine B.

My mom was born here in Cayman and has lived here all of her life. My father is from Denmark originally but has lived on island for 20+ years. I have only ever lived in Cayman-seventeen years and counting. You'd think I must know the whole island by now but people come and go often. I started at CIS in 1st grade, so I will have been here for twelve years by the time I graduate. My best personality trait is that I don't judge people because of how they look, and my worst is that I'm stubborn. One interesting thing about me is that I can cook without recipes.
