

Senior Spotlight: Matthew R.

I was born in Miami and my dad is from England and my mom is from Cayman and Canada. I've lived in Cayman most of my life and then after my GCSEs in 10th grade, I left Prep to go to boarding school in California for a couple months before I came back to Cayman and went to CIS. I've lived in Cayman my whole life, 18 years, but I have only been at CIS since January 2017. For the most part, I'm pretty honest, foolish and hard working when I want to be. For some reason I'm really good and time telling and pretty resourceful and work well under pressure. I have had 5 cats, and 3 dogs, from my mom being a vet. All of them were either adopted or taken in from the clinic.

- **Describe a time when you wanted to quit, but didn't.**
 - When Ms. Dhara left, I felt a painful tear in my heart, one that can never be mended again. I'm kidding, but honestly after only 5 months I quickly realized how approachable, considerate and great as a human being Ms. Dhara was.

- **Which is your favorite place on earth?**
 - Lake Louise, in Alberta, Canada. This place is one of the most impressive sights I've ever seen, and while visiting, I had a really fun, memorable experience canoeing with my cousin.

- **If you could eat dinner with any 3 people (dead or alive) who would they be and why?**
 - John Snow, Mozart and Lil' Pump because the the combination of them would make for an interesting and conflictual dinner.

- **You're about to walk the green mile, what do you have as your last meal?**
 - Yoshi Sushi 4ever, because their vegetarian/vegan food is top notch.

- **What is your favorite quote? Why?**
 - "I am God's vessel. But my greatest pain in life is that I will never be able to see myself perform live." I think this really reflects the true essence of the legendary Kanye West.
