

## Senior Spotlight: Charlie

I consider myself to be Canadian, however, I have only lived in Canada for one year. I have been at CIS for two years. I have been living in the Cayman Islands since I was 15 years old. I have lived in four different countries: Turks and Caicos, Singapore, Canada and Cayman. I am a happy person that likes everyone to be included I really like going skateboarding on the weekend or going to Rum Point with my family. Probably my worst trait is procrastination because I am so bad with that. One interesting thing about me that people might not know is that I used to be very afraid of movies. Up until I was like 8 years old I thought that all movies were scary and I would only watch them if my mom said it was a TV show.

- **If you could have any superpower, what would it be? Why?**
  - If I could have any superpower I would have super speed because I could then also time travel and run to different parallel worlds. I would never be late to anything and I could run through walls up building and on water.
  
- **Which is your favourite place on earth? Why?**
  - My favorite place on earth is the summer camp I have been going to since I was 10 years old. The camp is called Onondaga and I like it because it is a great place with so much stuff to do and everyone gets so connected because we all live together.
  
- **What is your dream job/career? Why?**
  - My dream job would be Director of Onondaga camp because you are paid to make children have a blast.
